---

o High-level goal

1. Be able to upload user's own fashion clothing photo.
2. Be able to comment on post.
3. Be able to explore other photo by selected category.
4. Be able to get professional fashion information
5. Be able to protect privacy
6. Be able to put bookmark on favorite post.

o User story

1. As a user I can sign up and log to this web page so that I can join this community web page.
2. As a user I can upload my photo and make a new post so that I can show my look or listen others' opinion about my look.
3. As a user I can read and comment on other user's post so that I can share my opinions about fashion.
4. As a user I can choose my body type so that I can see other users' post who have similar body type with me.
5. As an editor I can upload fashion-related photos and columns so that I can give fashion informations to users.
6. As a user I can see a column of editor so that I can get informations about professional fashion.
7. As a uploader I can edit my photos so that I can protect my privacy such as face and background which contains private informations.
8. As a user I can put bookmarks so that I can remember my favorite posts.
